

High Quality,
High Security,
Composite
Front Doors
& Back Doors

BJH composite doors
You never get a second chance to make a first impression...

Why BJH Composite Front & Back Doors?

You will want to make sure that you select the perfect Composite Door for your home:

Appearance

Your door must look good and be aesthetically pleasing

Think about:

- Door style
- Door colour
- Choice of decorative glass

Heat Insulation

Keep your home insulated and your bills down

You need:

- A high performance insulating core
- High performance insulated glass units
- A door that exceeds Approved Document L of Building Regulations

Sound Insulation

Reduce external noise

Your door must have:

- Protection against noise with a high performance insulating core
- At least Outdoor-Indoor Transmission Class (OITC): 26db
- At least Sound Transmission Class (STC): 29db

Weatherproof

A must to keep the elements at bay

Your door must have:

- A waterproof door leaf
- A high performance, weather resistant glazing system
- Weather performance proven to BS6375 - 1
- British Standards for weather tightness against air, wind and water ingress

Durable and Long-Lasting

A door with pedigree, tried and tested for over 20 years

It needs:

- Strength from its construction
- High impact resistant door skins
- Stability, whatever the weather conditions
- A full 10-Year Guarantee

Secured by Design

High Security

Protect your home from unwanted visitors

You need:

- Secured by Design - the official Police - preferred security specification
- PAS24 British Standard Kitemark for Enhanced Security
- Impact resistant GRP with a rigid polymer subframe
- A high-density polyurethane foam core

Contents

You only have a simple 4-step process to create your perfect Door:

Quality Assured

The Glass & Glazing Federation set up FENSA in April 2002 to ensure that all window & door installations comply with thermal performance standards and conform to Building Regulations. BJH have been a member since its launch date.

The Guild of Master Craftsmen provides consumers with a database of skilled and reputable professionals who are masters of their particular trade. BJH is proud to be a member of the Guild, which is the UK's longest established trade association.

To become a Pilkington energikare partner, Pilkington have checked BJH's credentials with regards to Window Energy Ratings and installation proficiency.

The Cransley Range

This classic four-panel door design is probably the most popular style, and as it is suitable for many decorative glass designs, it will grace any home.

Glass Styles & Opacity

When someone remarks that they like your front door, they may be saying they really like the glass as it's probably the first thing people notice. It makes a statement, enhances the look of any door and it's your chance to add some individuality and character, and the twelve ranges offered will cover most people's tastes.
