## supper club ABRACADABRA

MOOCOW presented a magical evening ABRACADABRA - a fun evening of smoke 'n' mirrors and all things magical. MOOs were greeted with a smoking cocktail on arrival with a little 'magic mushroom' appetiser served from a house of cards

(the trick here it was glued together!) then followed a four course magic inspired meal with the final act of 'live plating' the dessert. all this while close up magician aaron isted wowed MOOs at their tables

- ❖ awesome close up magic from aaron isted
- ❖ live plating smoke 'n' mirrors dessert!
- ❖ magical colour changing cocktails!

### ANIMAL MAGIC

no magic party would be complete without animal making balloons - only this time the magic animals were made by the MOOs!

each table were given a pile of modelling balloons and a step by step instruction on how to make a dog balloon animal

ben rusholme won a bottle of wine having been judged best balloon dog maker by aaron

here's just a few of the results:

## LIVE PLATING

live plating - a new concept in food presentation - a theatrical display of serving up dessert

MOOCOW's live plating dessert entitled smoke 'n' mirrors consisted of mini profiteroles, meringue nests, creme brûlée, mango cream, white chocolate sauce and fresh fruit individually placed on a mirrored board at the MOOs dining tables

the creme brûlée were caramelised at the table with a blow torch, followed by the smashing of a filled chocolate ball with the finale of dry ice smoke! - magical!
