supperclub THE BIG BLUE

MOOs enjoyed a nautical evening MOOCOW style with a big blue cocktail and five delicious seafood dishes to the backdrop of the classic movie 'the big blue' version longue - the evening was finished off with a mixed berry blue meringue to the vocal cords of annabelle spencer

the big blue

- ❖ classic movie the big blue - version longue projected onto the ceiling
- ❖ live music from annabelle spencer
- ❖ 5 course seafood menu

THE BIG BLUE MENU

the big blue lagoon cocktail

trout ceviche with avocado sorbet

coquille st jacques

warm crab dip with crusty bread

piri piri fish & chips with spicy peas

deep fried oyster sandwich

blue fruit meringue

OYSTER SANDWICH

the boys took their inspiration for this dish having visited the lymington seafood festival in august where they devoured deep fried oysters for the first time going immediately back for seconds

COQUILLE SAINT JACQUES

translates into the 'shell of saint james' and is the french name for a scallop - the scallop shell is the traditional emblem of saint james the great

the association of saint james with the scallop can most likely be traced to the legend that he once rescued a knight covered in scallops - or that whilst his remains were being transported from jerusalem, the horse of a knight fell into the water, and emerged covered in the shells

today coquille st jacques refers to scallops cooked in a shell in a creamy sauce with a cheesy crumb - the MOOCOW boys version has the addition of smoked pancetta for that little bit extra MOO

'THE BIG BLUE'

is one of the MOOCOW boys favourite movies - directed by luc besson and released in 1988 portrays a heavily fictionalised and dramatised story of the friendship and sporting rivalry between two leading contemporary champion free divers in the 20th century - a cult classic

ANNABELLE SPENCER

annabelle spencer is a soloist based on the island and is currently studying music at platform one music college - she plays her own originals and also covers in an acoustic style, either accompanied by guitar, or piano

ONE YEAR ON...

it's coming up to nearly a year since the boys launched club MOOCOW and their supperclubs

over the past year the boys have entertained 100s of you with 16 supperclubs, 3 soirees and numerous MOOmalicious evenings - not to mention all the private functions they have held

what's your most memorable moment from the supperclubs? was it the snake from MARRAKECH, the butler with bums from SEX & THE CITY, the blindfolded wine tasting from ALL ABOUT THE GRAPE? smoking cocktails from THE PREMIERE, life drawing from ARTY FARTY? or the live plating from ABRACADABRA?

PRIVATE FUNCTIONS

when the doors are closed - doesn't necessarily mean the MOOCOW boys are putting their feet up.... they have had a successful year of private functions:

from birthday parties (it seems to have been the year of 50ths this year), cocktail masterclasses, hen parties, wedding anniversary dinners, product launches, school proms, winter balls, corporate BBQs, to christmas parties..... we've had them all - we've even done a couple of off site functions

if you're interested in holding an event at MOOCOW contact the boys on 01983 200750 or club@MOOCOWstuff.com

the beauty of club MOOCOW is that it's such a versatile and adaptive space, designed so that an intimate private dinner party of 20 can feel just as comfortable as a group of 100 on a full-on party night
